COVID-19 UPDATE **Friday 27th March 2020**

Dear SENDCo/Colleague,

We write to advise you that the VI Team will be continuing to provide advice and support, if required, for vulnerable children and/or keyworker children within school settings, as requested by the school concerned, with due regard to Government advice regarding safe working.

Should you need to contact us the VI Business Support is available on:

Tel: 0300 300 8038
Email: visualteam@centralbedfordshire.gov.uk

At this time, the VI Team will be available up to the end of the academic term, being **Friday 3rd April 2020**. Please note, limited advice and support via telephone and email will also be available during the Easter holidays.

As restrictions allow and following the Governments advice, we are hopeful our service will continue during the summer term.

Yours faithfully,

Judith Seamarks
Head of VI Team
Qualified Teacher of Children and Young People with Vision Impairment
