

### **What if a close contact at school tests positive?**

A close contact of someone who has tested positive for COVID-19 will be able to return to school if they agree to be tested once a day for 7 days, and the test is negative. If not, they will need to self-isolate as per the national guidelines. This does not apply to household members or close contacts outside of school who will still need to self-isolate. Further details will be provided at the time, but if you would prefer to self-isolate instead of doing daily testing, you can.

### **What if a pupil tests positive?**

Results will be shared directly with you.

Pupils will need to take a further 'PCR test' (similar to those done in testing sites) to confirm the positive result, they will be able to do this at school or take a test kit home. During this time while they wait for the PCR result (via text / email) they will need to self-isolate until they get their result. If it is negative, the pupils can return to school.

If the result of this secondary test is positive, the pupil and household members will need to self-isolate for 10 days following Government guidelines.

### **Please inform school as soon as you receive this test result.**

We will continue to support pupils with their education remotely. We recognise this may be disruptive for your family but it is really important to isolate to prevent the spread of the virus, and there is financial support available via the NHS app. Pupils might need collecting from school, so please discuss this with them. There is more advice on self-isolation and home learning on Gov.uk.

### **What if a pupil tests negative?**

They will be able to stay in school and resume their activities as normal. A pupil will only be told if they test positive in the first 'lateral flow' test, so if you do not hear you can assume it was negative.

### **What if my child develops symptoms?**

If your child develops symptoms at any time (such as a high temperature; a new, continuous cough; or a loss of change to your sense of smell or taste) they must immediately self-isolate, and book a test by calling 119 (England, Wales and Northern Ireland) or 0300 303 2713 (Scotland) or visiting <https://www.gov.uk/get-coronavirus-test>.
