Dear Parent, Carers and Families,

CIRCUS STARR – Sunday 29th August 2021, 7.00pm at Venue 360

A local business has kindly donated tickets for our pupils and their parents/carers to attend Circus Starr – a magical show! This year will be indoors and you will see the cheeky clown Chico joined by an array of talent, including balancing skills from Las Chicas Morales and foot juggling from Mariska Gandey! The tickets we have are for a relaxed and inclusive show.

The event will take place on Sunday 29th August 2021 at 7.00pm at Venue 360 – The Riverside Suite, 20 Gipsy Lane, Luton, LU1 3JH.

Tickets will be distributed on a first come first served basis and will be limited to 6 per family as we only have a limited amount of tickets available. **To request tickets please fill in this form (<https://forms.gle/L7fMbHau36HMSpFu8>)** Due to the current situation, this performance will be going ahead a little differently than usual. Circus Starr are committed to making their shows as safe as possible and will be holding these performances with Covid-19 prevention measures in place.

Please visit Circus Starr's website 3 days prior to the performance date to ensure there have been no changes to the show (www.circus-starr.org.uk). If there have been any alterations to the performance location or time these tickets will be valid and should be used.

Here is some important information to remember when attending the show:

- Every member of the family/party that is aged 3 or over requires a ticket to enter the show
- As this event is held inside, please follow all guidelines in place, e.g. social distancing, wearing a mask where possible
- Due to social distancing this show has a lower capacity than usual. If you can no longer attend, please let us know so that the ticket can be reallocated
- If you require a wheelchair space, please call 01260 288690 as soon as possible to book your space. Due to health and safety some venues have a limited number of wheelchair spaces, these will be allocated on a first come first served basis
